🌙 **Bonus:** every night after midnight you get an email with the PDF report of all the classes you taught that day. Nothing to do: it just arrives.

CHAPTER 1 · TEACHING MANAGED STUDENTS

No logins? No problem. 🦸

Managed students don't have an account, so **you** are their link to the platform. Three tools make it easy:

🔗 1 · Send homework & quizzes as a parent link

Open any homework or quiz and press **Copy link**, **Share** or **WhatsApp**. The child opens it on a phone, types their name and yours, and goes on a "hero mission". It works until the end of the due day.

⏰ 2 · Remind to join NEW

Student late? On a live or starting-soon class, tap **Remind to join** and they get an email with a join button. It works from 30 minutes before until the class ends, at most once every 3 minutes, and you never see the email address.

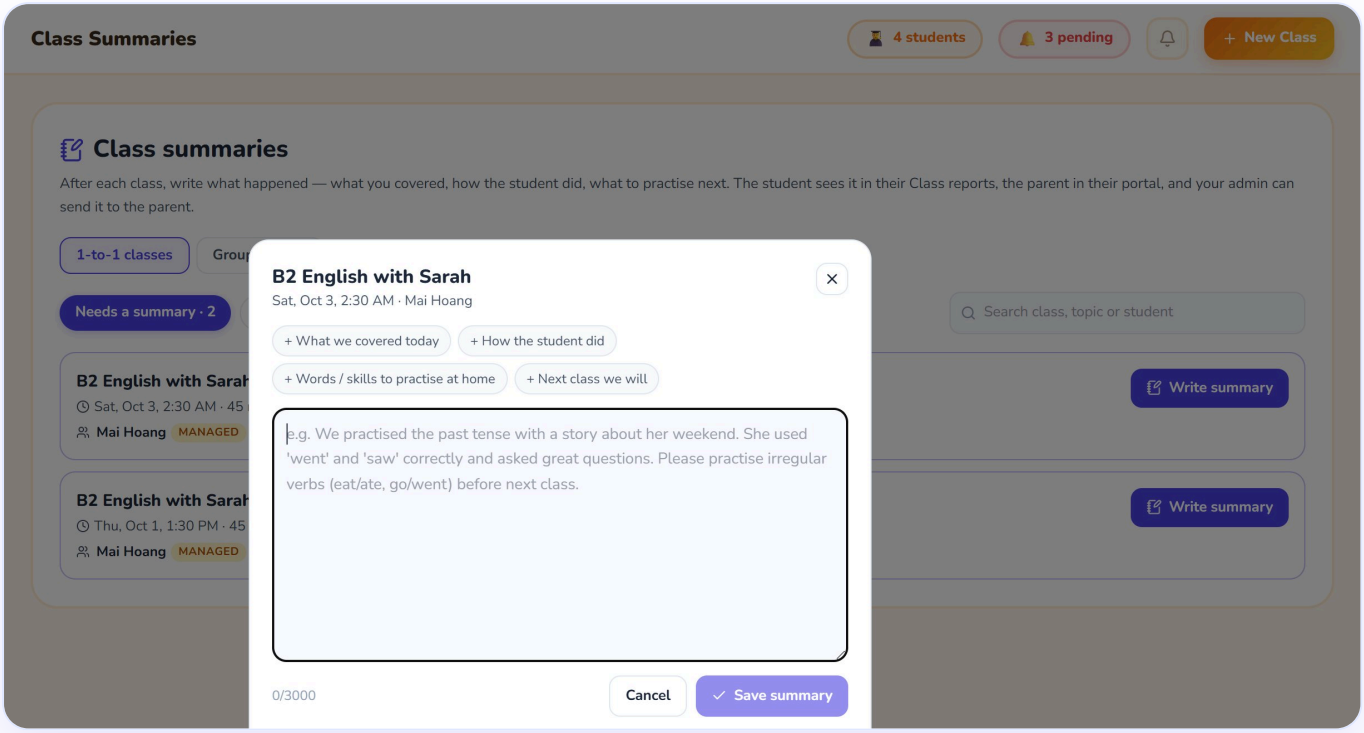

✅ 3 · Confirm they joined

When the student is in class, confirm it, and the class counts. The school can also send the parent a quick "Did your child attend?" link to double-check. It's fair to everyone.

CHAPTER 1 · AFTER EVERY CLASS

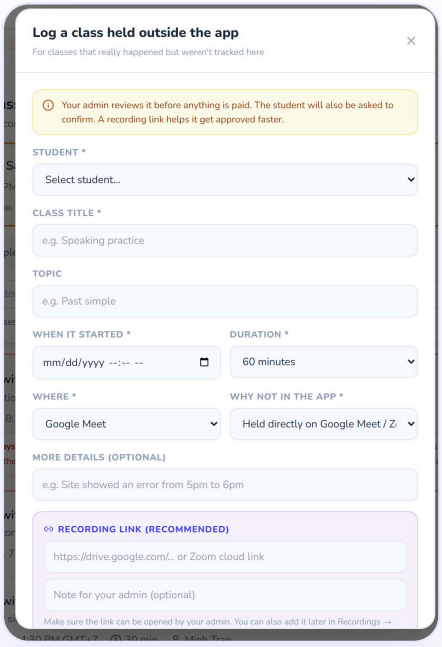

Write it down, get it approved ✍️

📝 Class summaries NEW

Every class without a summary waits in **Needs a summary**, so none is forgotten. Tap **Write summary**, pick a quick-start prompt (*What we covered today*, *How the student did*, *Words / skills to practise at home*, *Next class we will*…) and save. The student sees it in **Class reports**, the parent in their portal, and your admin can send it to families with one tap.

🎬 Class happened outside the app? Log it.

⚡ Power cut, bad internet or the site was down, and you taught on Google Meet or Zoom instead? No stress.

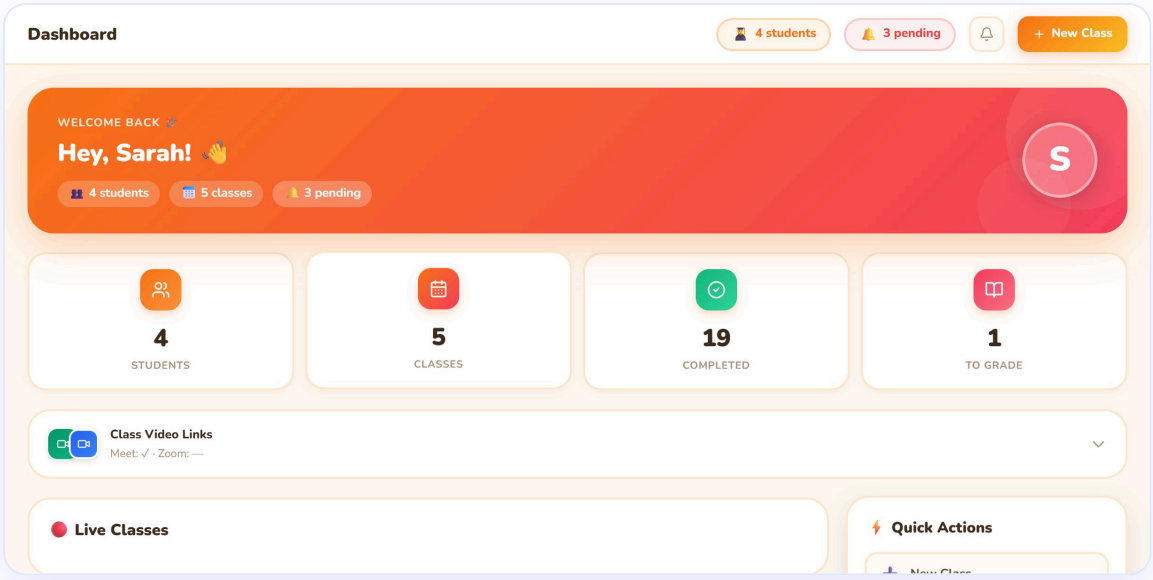

📝 In **Completed**, press **Log a class**: student, title, when, where and why.

🔗 Add the recording link. It gets approved much faster.

✅ Your admin approves it, and you're paid and the class counts. Nothing is charged until then.

01 Dashboard

Sidebar › Home

✨ WHAT IT DOES

Your day at a glance: your students, upcoming classes, completed classes and work to grade, your Meet/Zoom class links, live and upcoming classes, plus quick actions. A banner warns you when a class starts within 15 minutes.

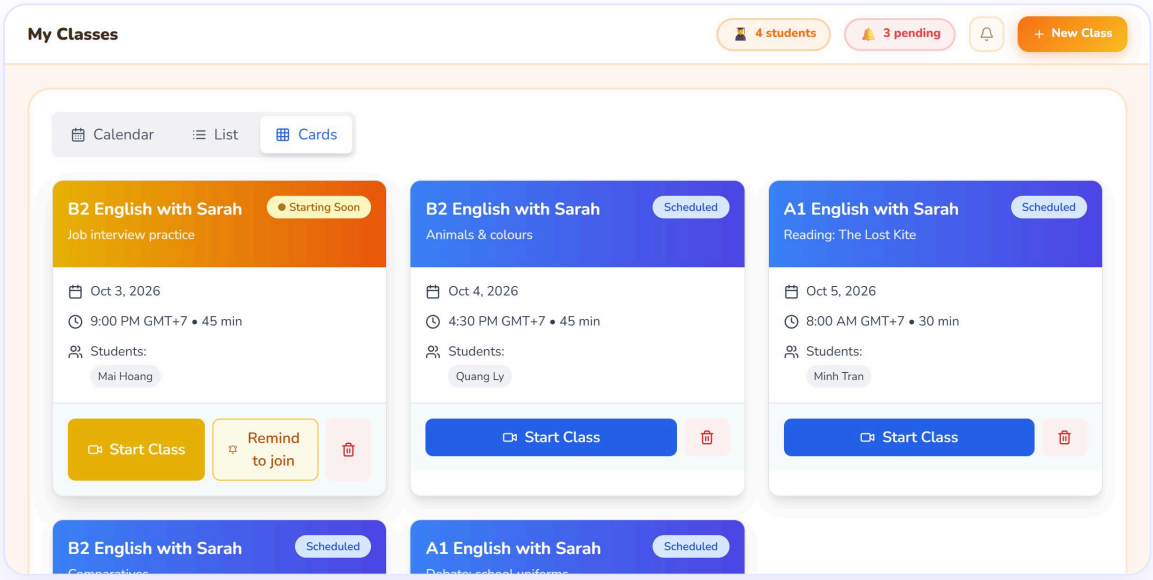

👉 HOW TO USE IT

1. Log in, and this is your home page.
2. Check the counters: **to grade** means homework is waiting for you.
3. Use **Quick Actions** for a new class, recurring classes, bookings or students.

💡 Start every teaching day here. One look and you know what's next. 🌞

02 My Classes

Sidebar › Teaching

✨ WHAT IT DOES

All your upcoming classes in a **Calendar**, **List** or **Cards** view. Each class has a big **Start Class** button, and live or starting-soon classes get **Remind to join**. NEW

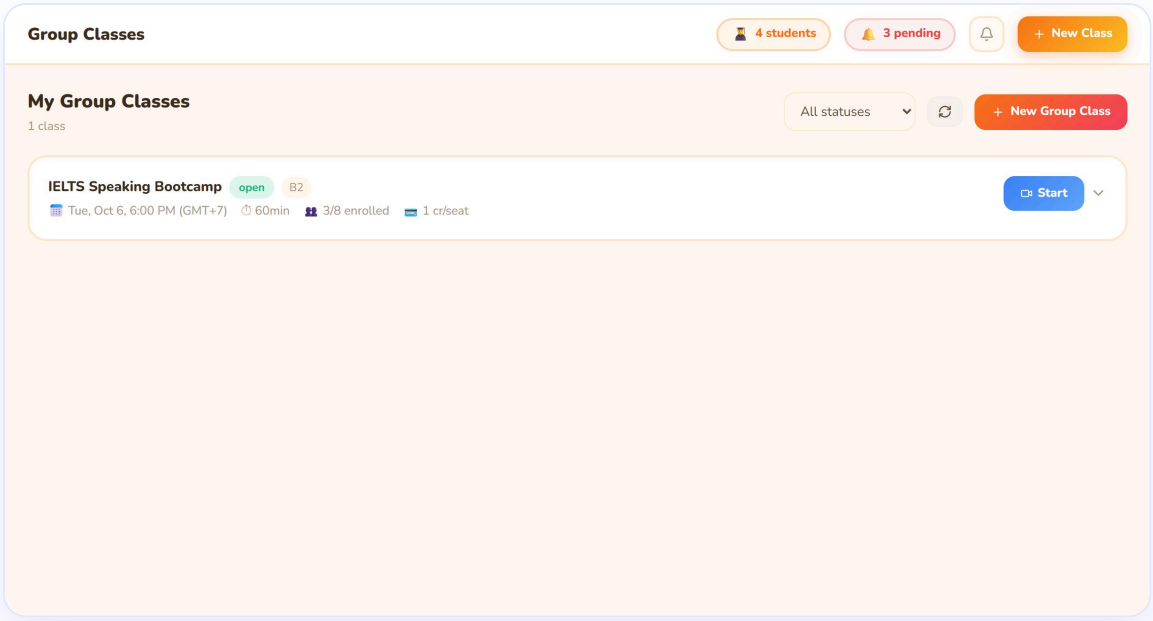

👉 HOW TO USE IT

1. Pick your favourite view (Calendar, List or Cards).
2. At class time press **Start Class**, then confirm the student joined.
3. Student late? Press **Remind to join**: they get an email with a join button.

💡 You never see the student's email address, only the button. Privacy built in. 🔒

03 Group Classes

Sidebar › Teaching

✨ WHAT IT DOES

Your group sessions (bootcamps, clubs, conversation cafés) with level, time, seats and enrolled students.

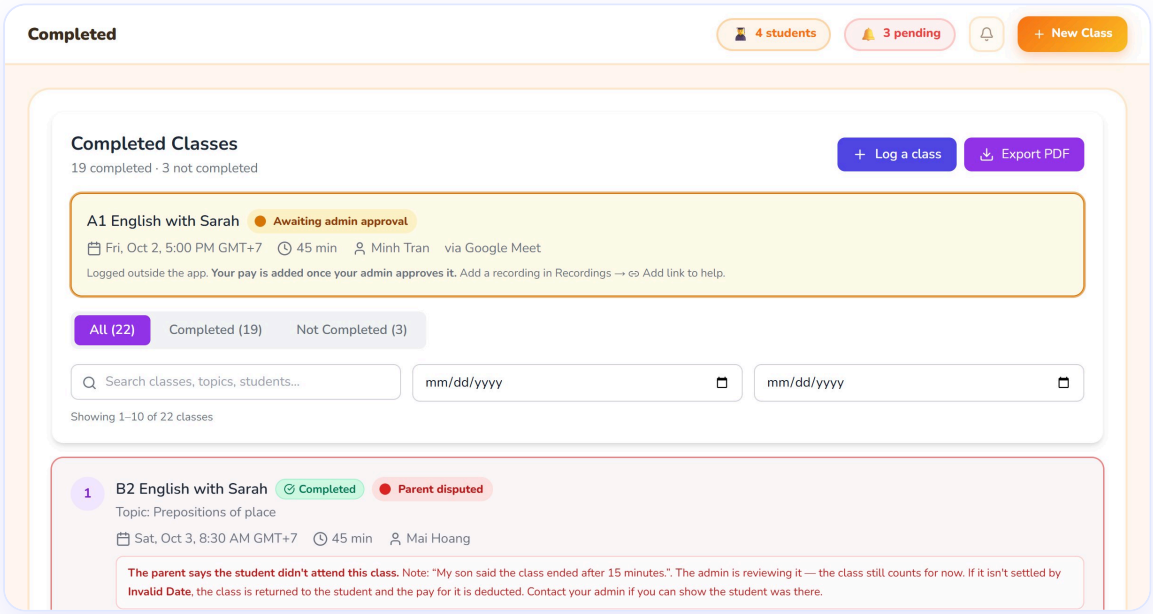

👉 HOW TO USE IT

1. Open a group class to see who is enrolled.
2. Press **Start** at class time.
3. Use **+ New Group Class** if your school lets you create them.

💡 One summary after a group class goes to every student in it. ✍️

04 Completed

Sidebar › Teaching

✨ WHAT IT DOES

Every class you have taught, with status, any parent feedback, and classes you logged outside the app. Filter by date or status and export to PDF.

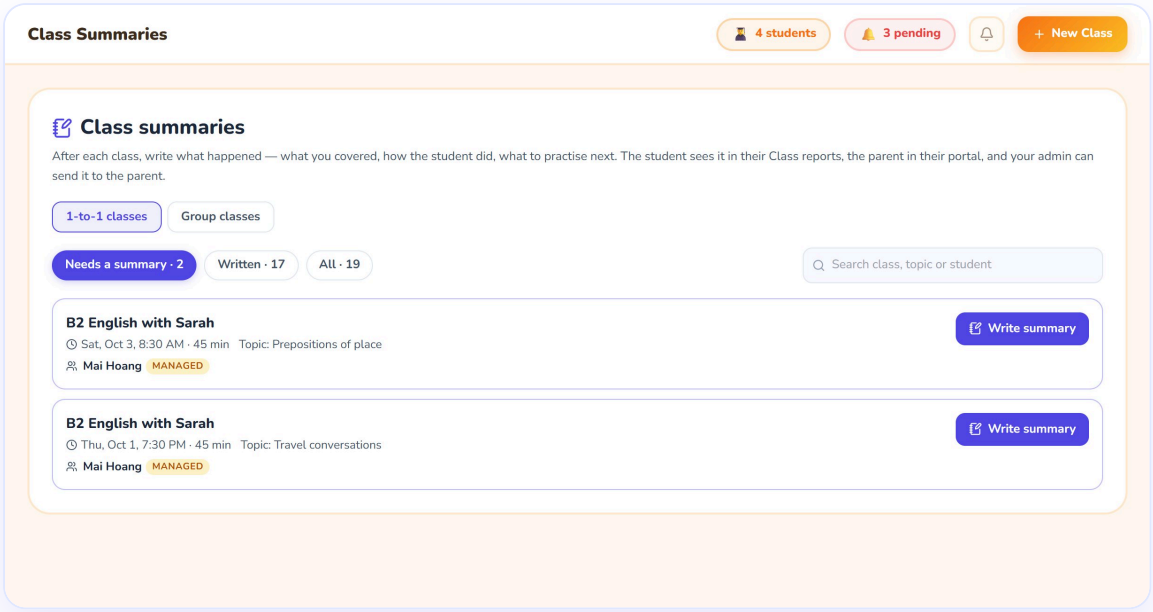

👉 HOW TO USE IT

1. Search or filter by date to find a class.
2. Read the notes: a parent dispute shows here in red.
3. Class happened on Meet/Zoom because of a problem? Press **Log a class**.

💡 Logged classes are paid once your admin approves them. Add a recording link to speed it up. 🎬

05 Class Summaries

Sidebar › Teaching

✨ WHAT IT DOES

After each class, write what happened: what you covered, how the student did and what to practise at home. The student, the parent and your admin all see it. NEW

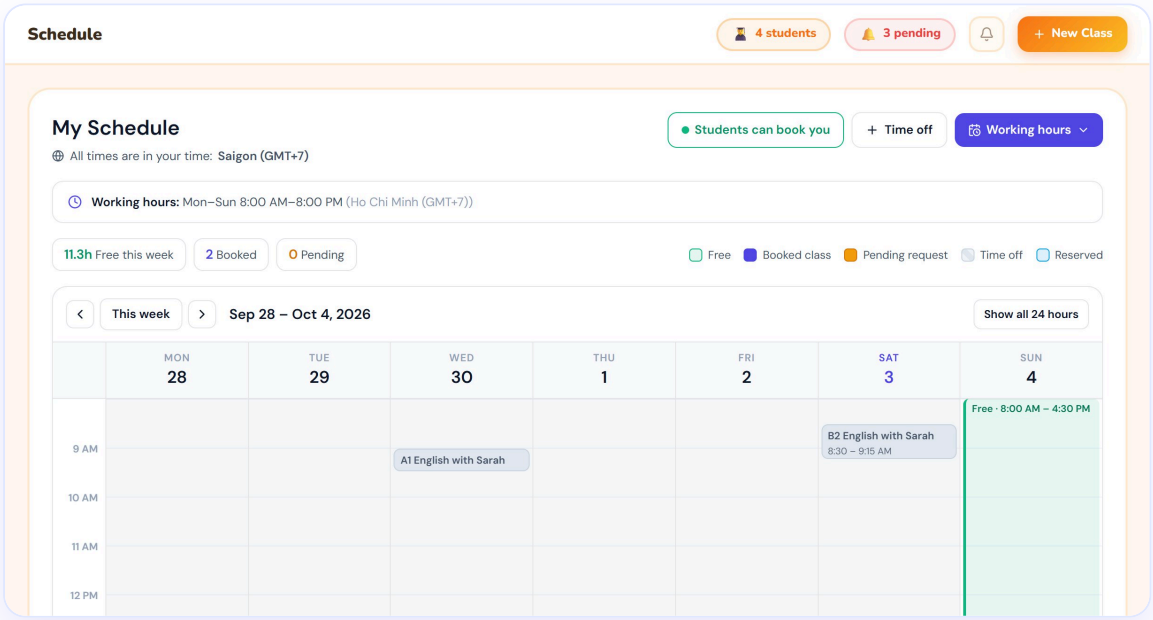

👉 HOW TO USE IT

1. Open **Needs a summary**, where every class without one is listed.
2. Press **Write summary** and tap a quick-start prompt.
3. Write 2 to 3 sentences and press **Save summary**.

💡 Under a minute per class, and it's the #1 thing parents love. 💗

06 Schedule

Sidebar › Teaching

✨ WHAT IT DOES

Your week: working hours, booked classes, pending requests and time off, all shown in your own time zone.

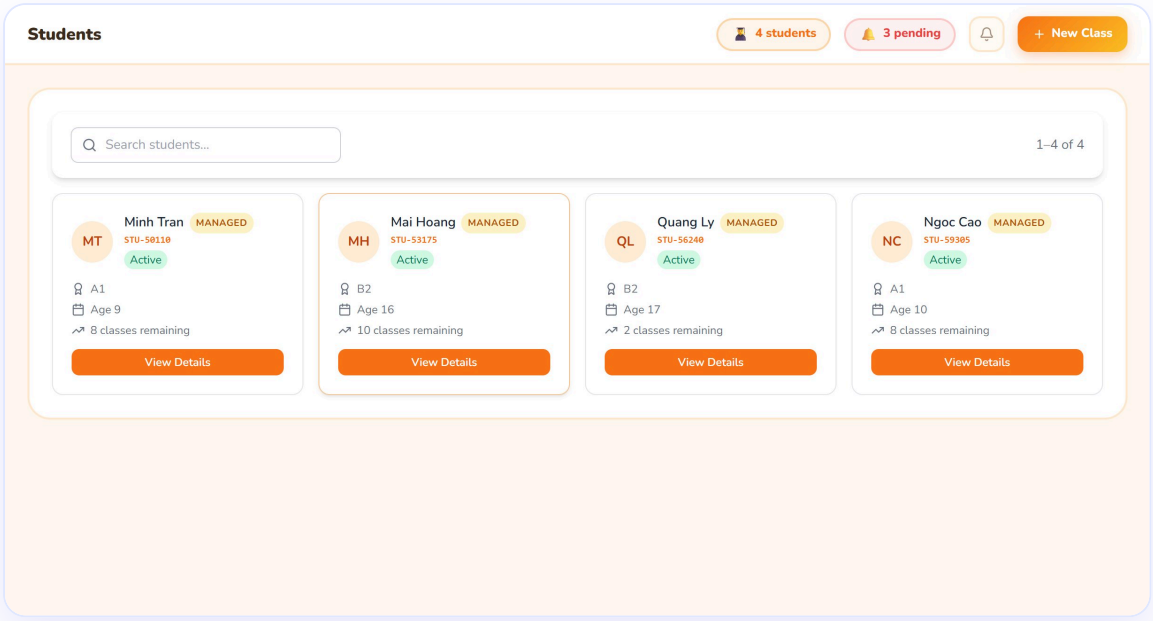

👉 HOW TO USE IT

1. Press **Working hours** to set the days and times you teach.
2. Add **Time off** for holidays or appointments.
3. Toggle **Students can book you** on or off.

💡 Keep it up to date and your admin can always find you a free slot. 🗓️

07 Students

Sidebar › Students

✨ WHAT IT DOES

The students your admin assigned to you: level, age, managed badge and classes remaining.

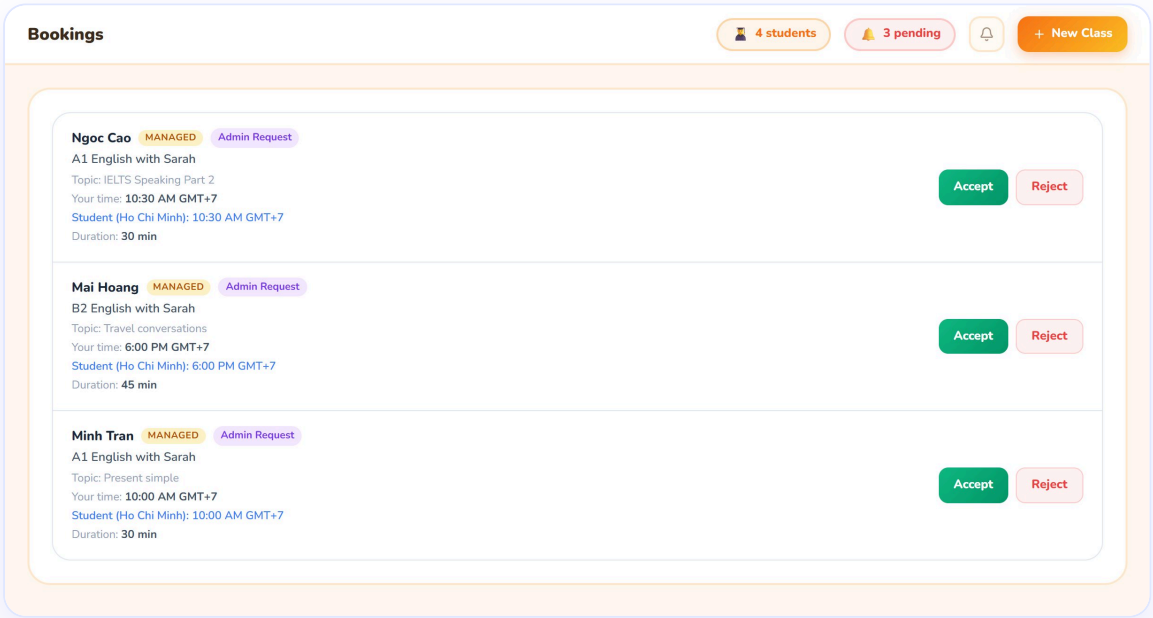

👉 HOW TO USE IT

1. Search for a student by name.
2. Check **classes remaining** before booking more.
3. Press **View Details** for their full profile and history.

💡 Low on classes? Tell your admin so the family can top up in time. 🔔

08 Bookings

Sidebar › Students

✨ WHAT IT DOES

Class requests from your admin, with the student, title, topic, time in your time zone and the student's, and duration.

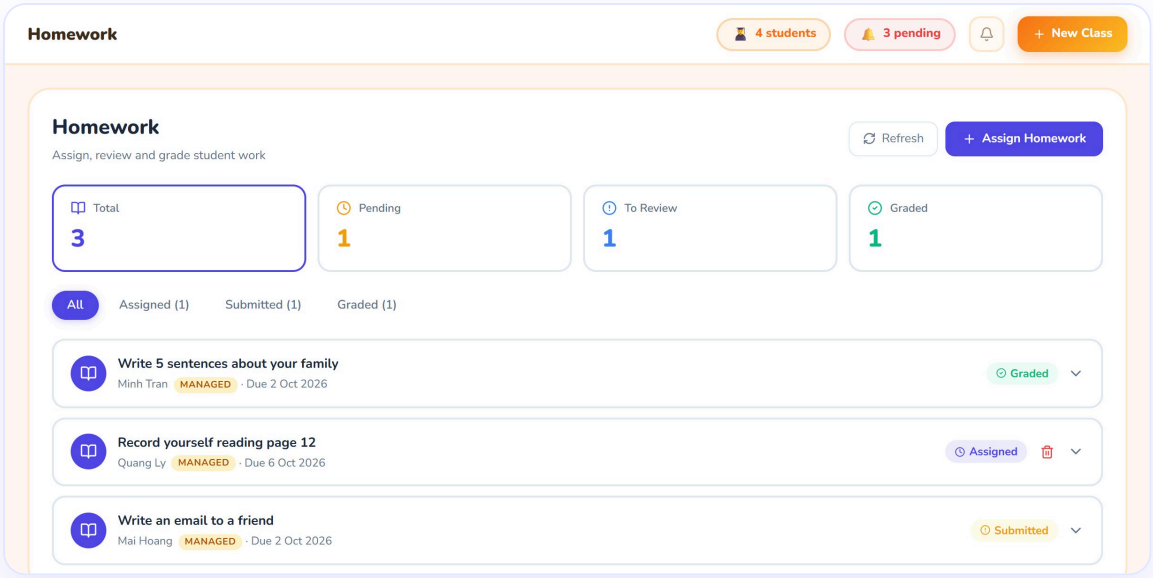

👉 HOW TO USE IT

1. Read the request details.
2. Press **Accept**: the class goes into your calendar.
3. Can't make it? Press **Reject** and give a reason.

💡 Your admin is notified instantly either way, so they can rebook quickly. ⚡

09 Homework

Sidebar › Content

✨ WHAT IT DOES

Assign, review and grade homework. Counters show pending, to review and graded. For managed students, each homework gets a **parent link**.

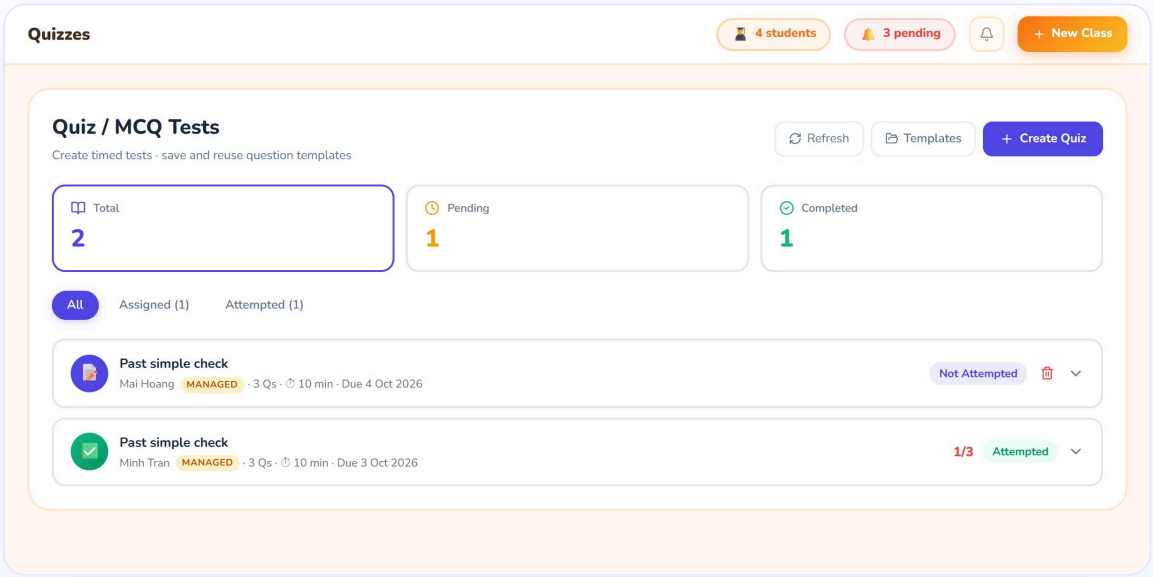

👉 HOW TO USE IT

1. Press **Assign Homework**, pick the student, write instructions, add files or a voice note.
2. Open it and use **Copy link**, **Share** or **WhatsApp** to send the link to the parent.
3. When it's submitted, open it, add a score and feedback.

💡 The link works until the end of the due day, and only with the student's and your name. 🔐

10 Quizzes

Sidebar › Content

✨ WHAT IT DOES

Timed multiple-choice quizzes, marked automatically. Save your favourite questions as **Templates** and reuse them.

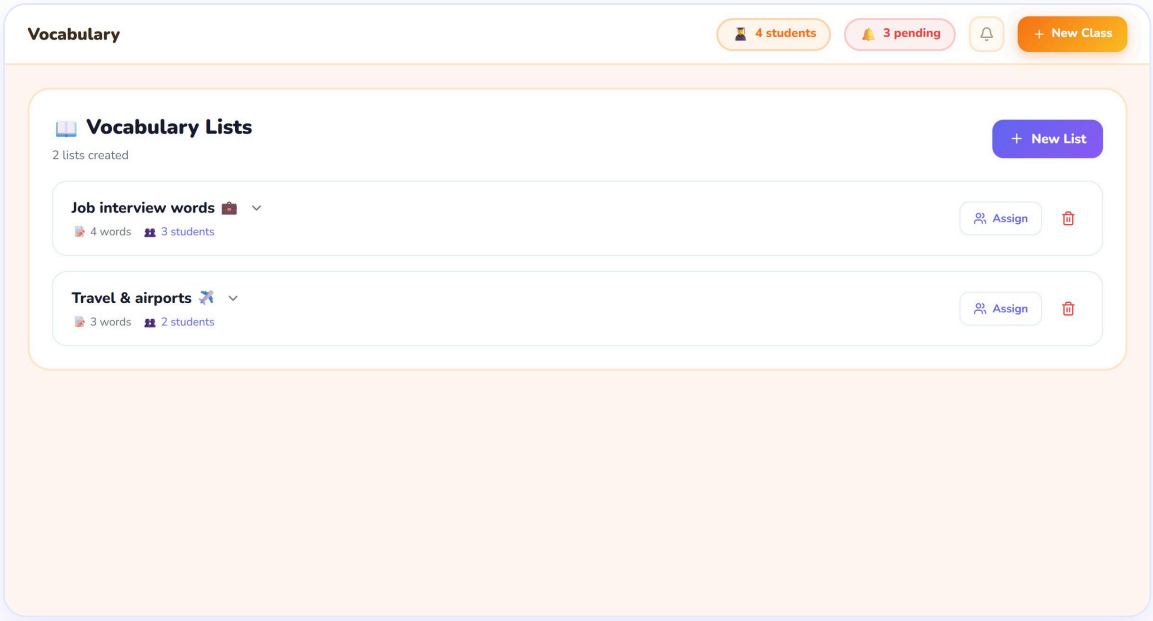

👉 HOW TO USE IT

1. Press **Create Quiz**, then add questions and the right answers.
2. Set the time limit and due date.
3. Send the quiz link to the parent, and see the score as soon as it's done.

💡 Build a template once and reuse it with every class at that level. ♻️

11 Vocabulary

Sidebar › Content

✨ WHAT IT DOES

Word lists with a definition and an example sentence for every word, assigned to one or more students.

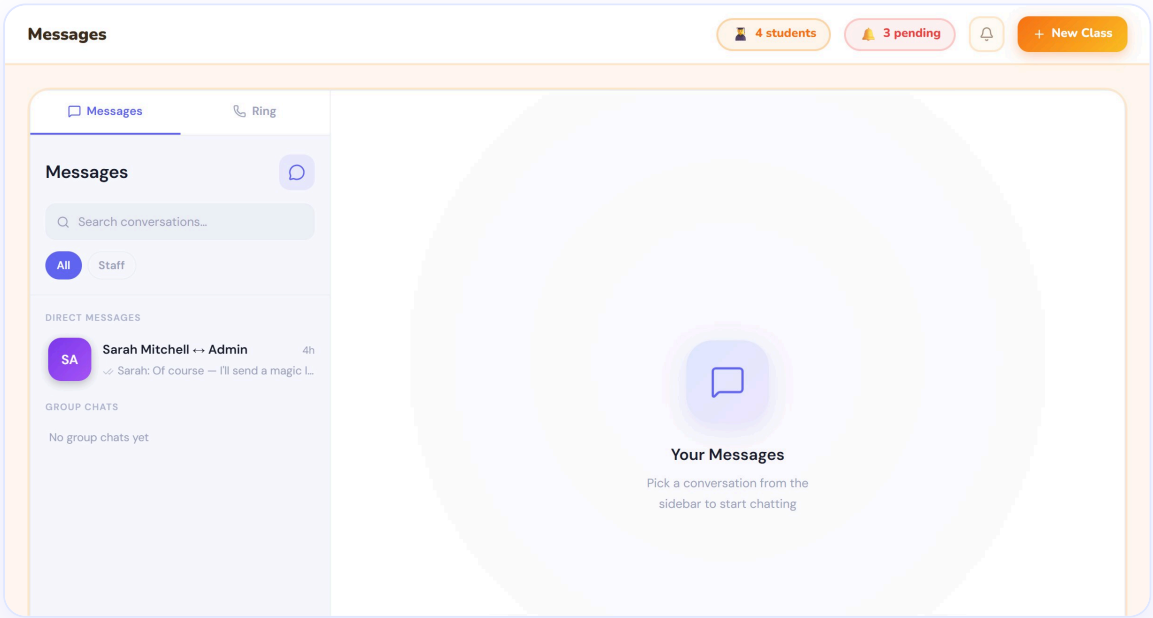

👉 HOW TO USE IT

1. Press **New List** and add words.
2. Add a definition and an example for each.
3. Press **Assign** to send it to your students.

💡 Theme lists (travel, interviews, animals…) make great class warm-ups. 🎯

12 Messages & Ring

Sidebar › More

✨ WHAT IT DOES

Chat with your admin (and school staff), plus **Ring** for a quick call when something is urgent.

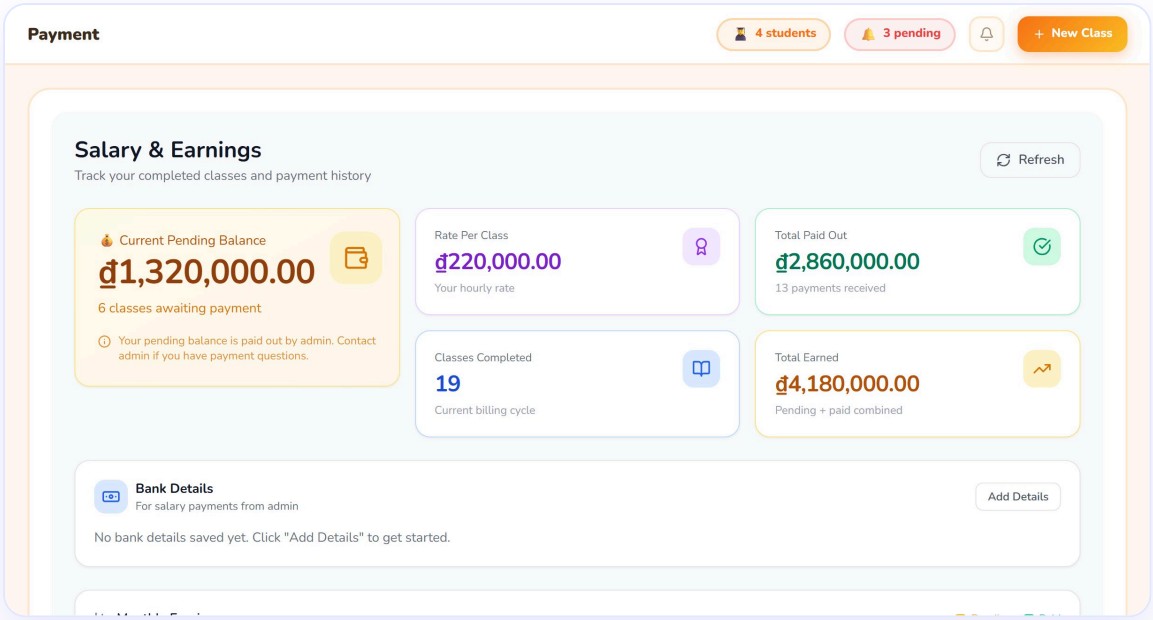

👉 HOW TO USE IT

1. Open a conversation or start a new one.
2. Use **Ring** for anything urgent before a class.
3. Messages can be deleted within 30 minutes.

💡 Keep school talk in one place, away from your personal WhatsApp. 📱

13 Payment

Sidebar › More

✨ WHAT IT DOES

Your earnings: pending balance, rate per class, total paid, classes completed, a monthly earnings chart and every transaction.

👉 HOW TO USE IT

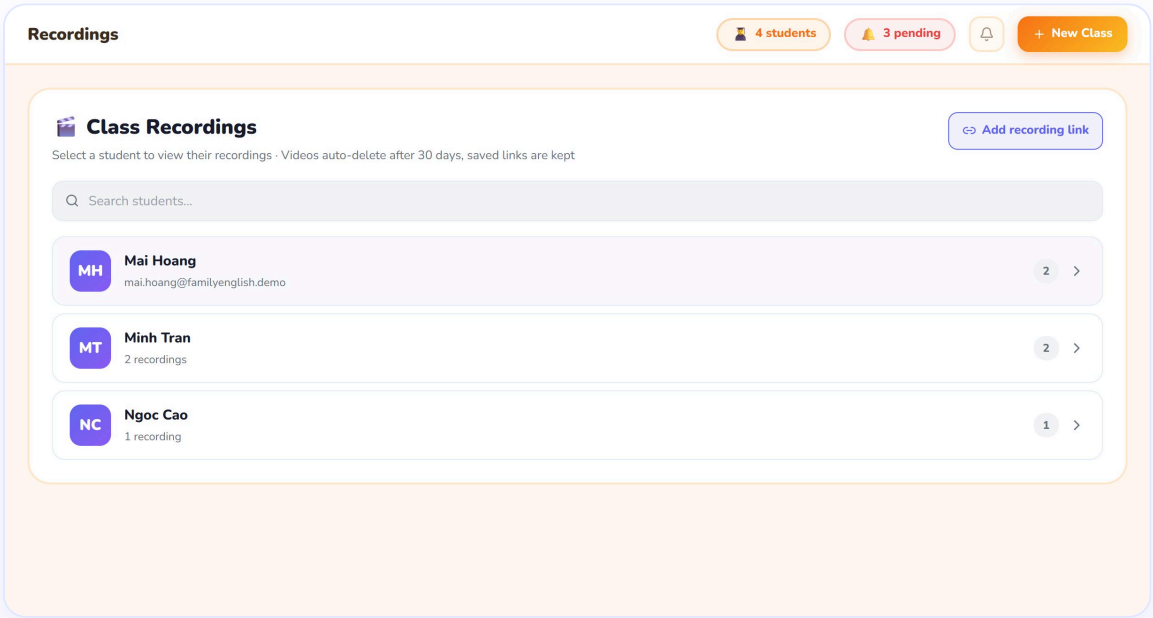

1. Press **Add Details** to save your bank details.
2. Check **Current Pending Balance** for what you're owed.
3. Filter transactions: pending, paid or cancelled.

💡 You're paid for every completed class. It's all tracked automatically. ✅

---

14 Recordings

Sidebar › More

✨ WHAT IT DOES

Your class recordings, organised by student. App recordings are saved automatically, and you can add a link to recordings made on Meet or Zoom.

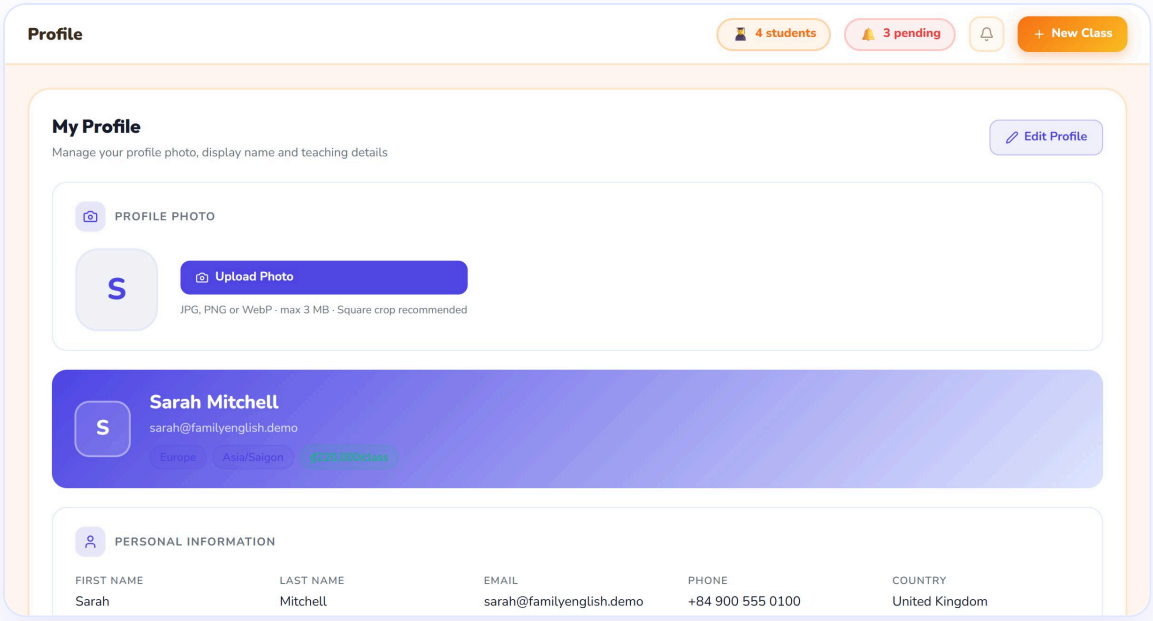

👉 HOW TO USE IT

1. Choose a student to see their recordings.
2. Press **Add recording link** for a Drive or Zoom cloud link.
3. Recordings auto-delete after 30 days. Saved links stay.

💡 A recording link makes logged classes get approved faster. 🍿

15 Profile

Sidebar › More

✨ WHAT IT DOES

Your photo, personal information and professional details: experience, time zone and your Google Meet and Zoom links.

👉 HOW TO USE IT

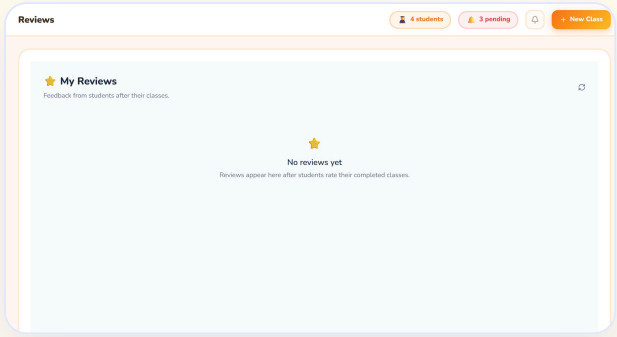

1. Press **Upload Photo**, because students love seeing their teacher.
2. Press **Edit Profile** to update your details.
3. Add your Meet or Zoom link so classes can use it.

💡 Set your time zone correctly so every class time is right. 🌎
